

At our school, we believe that when the school, families, and pupils work together, children can achieve amazing things.

Our shared values are:

Aspiration – always aiming high and trying your best

Resilience – keeping going, even when things are hard

Responsibility – making good choices and owning your actions

Collaboration – working well with others

These values help us get ready for the future and for life as confident, kind, and capable adults.

The School Will:

- Help children aim high and believe in themselves.
- Teach children how to manage mistakes and challenges.
- Encourage children to be responsible and respectful.
- Give children time to think, talk about what happened, and help them to understand how their actions affect others and support them to make things right.
- Work closely with families to support every child.
- Help children feel confident, safe, and ready for the future.

Parents/Carers Will:

- Support the school's values at home.
- Encourage their child to try their best and keep going when things are tough.
- Help their child take responsibility for their actions and learning.
- Work with the school and talk openly with staff.
- Support their child to grow into a confident and caring person.

- Set a good example for my child by always speaking to school staff politely and respectfully – in person, by phone, by email, or online.
- If I have a concern, I will talk about it calmly and follow the school's process to sort it out.
